- **Monday, March 19, 2018: Canine Massage and Conditioning Exercises**
 - **Don't put these topics on the back burner any longer!**
 - Canine Massage is incredibly important for our dogs in maximizing their quality of life both inside and outside the competition ring. Canine conditioning plays an equally important role in your dog's performance REGARDLESS OF YOUR SPORT(s) and your dog's ability to avoid or recover from injury. Yet, these components of canine care are frequently overlooked or pushed to the side as something we don't have time for.
 - Do yourself and your dog a huge favor and learn about these topics and integrate them into your life.
 - You won't be sorry!
 - **Tuesday, March 20, 2018: Private Canine Massage sessions (1 hour)**
 - **Registration priority will be given to those who register for the workshop**
 - Your dog's private massage session may also include myofascial release, and cold laser if needed
